

CONNECTOR-O™

Guaranteed Analysis
Non-Plant Food Ingredients
Fulvic acid 4.0%

Connector-O™ meets the standards and requirements of the National Organic Program for organic production. It is intended for use as part of an approved organic production plan. Before use in an organic production plan, make sure you receive approval from your organic certifier. NUTECH does not guarantee that the use of this product will be approved by your certifier for inclusion into your organic production plan. For rates suitable to your area or the maximum allowable non-nutrient application rates per acre, consult a trained soil specialist/Certified Crop Advisor.

RECOMMENDED RATES

Soil application: Apply at ½ -2 gal/acre, broadcast and 1 pt --2 gal/ac banded.

Foliar application: Apply 1 pt—1 qt/ac and repeat as needed.

Connector-O™ can be applied with irrigation water in any irrigation system, alone or with nutrient solutions. Connector-O™ should be added to the water before adding any nutrient solutions. The mixing order should be water first, followed by Connector-O™ and then the nutrients.

NOTICE

The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, NUTECH does not make, nor does it authorize any agent or representative to make any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof. Neither NUTECH nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or the other persons from handling, storage or use of this material, not in accordance with the directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions.

PRECAUTIONS

Harmful if swallowed. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush skin or eyes with water for at least 15 minutes. Connector-O™ is not phytotoxic at the recommended rates. When using Connector-O™ with other products, add Connector-O™ to the water, before mixing in the other products.
